Hi-Vis Clothing

The movement of machinery and vehicles in the workplace presents major risks to staff and visitors. There are more than 5,000 incidents involving transport in the workplace each year. Staying visible with the use of high visibility clothing is essential when working on construction sites and in warehouses and significantly reduces this risk.

EN ISO 20471 categorises all Hi-Vis clothing into three classes. The selection of Hi-Vis should be based on a risk assessment of the conditions and risks for a particular worker.

Certification of items into classes is based on the combined surface area of reflective materials for each item:

	Class 1	Class 2	Class 3
Reflective Tape	0.10 sqm	0.13 sqm	0.20 sqm
Fluorescent Material	0.14 sqm	0.50 sqm	0.80 sqm

Hi-Vis Class 1 – The lowest level of visibility. An example would be Hi-Vis trousers when worn separately from other High-Vis items.

Hi-Vis Class 2 – The intermediate level of visibility. An example would be a Hi-Vis sleeveless vest.

Hi-Vis Class 3 – The highest level of visibility. An example would be a Hi-Vis Jacket.

Class 3 can be achieved in two ways. Simply select an item to Class 3 such as a Parka jacket or combine items with total reflective material equal to or greater than a single Class 3 item.

Executive Vests

High visibility executive waistcoat with highly reflective panels to body and shoulders for visibility, particularly during the hours of darkness. Secure zip fastening with multiple utility pockets for ID card, mobile phone, pens and two belloved front pockets plus a radio loop D ring.

- Zipper fastening
- 50mm reflective tape on body and shoulders
- 100% knitted polyester
- Conforms to EN ISO 20471:2013+A1:2016

Ear Protection

The ear protector chosen should provide enough attenuation to protect your hearing but consideration should also be given to it's compatibility with other items of PPE being worn such as safety glasses.

Attenuation is the process of losing noise energy and it is the attenuation data that should be examined when selecting appropriate ear defenders.

The Single Number Rating or SNR value can be used to compare the level of noise attenuation offered by different hearing protectors.

The higher the SNR, the higher the level of noise attenuation or protection is provided by the hearing protection.

To determine acoustic pressure on your ears, subtract the SNR value from the average noise level that has been measured during the risk assessment. For example:

TIMCO's foldable ear defenders (770390) have a SNR of 30.4 dB.

Warning: Reducing sound to a lower level than normal talking may be a safety risk.

Note: This graph is meant as a guide only.

Ear Defenders

Foldable Ear Defenders

SNR 30.4 dB Noise level reduction

CE Approved to EN 352-1:2002

Ideal for long comfortable use in medium sound environments.

Eye Protection

Safety eyewear is an important form of PPE that protects one of the most important yet exposed parts of the body. Understandably, the European Standards covering eye protection are some of the most comprehensive of all those dealing with any item of PPE.

It's important that the user considers the environment and level of risks involved before selecting the correct eyewear item.

To assist with the selection, all PPE is required to be marked with the specification of its standard, with lettering/numbering acting as an indication of capability.

In accordance with TIMCO's quality standards we only supply glasses with the highest class 1 optical quality lenses. Meaning that there is no optical distortion and they are suitable for long periods of wear.

Example of code on lens

CE 2C - 1.2 1 F

	Radiation Protection EN 170 / EN 172	Light Transmission	Optical Quality (Class)	Mechanical Strength EN 166
2	UV Protection (EN170). The number 2 indicates the filter may effect colour recognition.	1.2 74.4% – 100%	1 High quality for regular use.	B Medium energy impact. Resists a 6mm/0.86g ball travelling at 120m/s.
2C or 3	UV Protection (EN170). The number 2C (previously 3) indicates the filter allows good colour recognition.	1.7 43.2% – 58.1%	2 Medium quality for occasional use.	F Low energy impact. Resists a 6mm/0.86g ball travelling at 45 m/s.
5	Solar Protection (EN172). i.e. 100% UV sun glare protection with no infrared (IR) protection.	2.5 17.8% – 29.1%	3 Low quality for rare use.	K Resistance to surface damage by fine particles. Often referred to as Anti-scratch.
6	Solar Protection (EN172). i.e. 100% UV sun glare protection with infrared (IR) protection.	3.1 8.0% – 17.8%		N Resistance to lens fogging. Often referred to as Anti-fog or Anti-mist.
				T Resistance to high speed particles at extremes of temperature, -5°C to +55°C (can be seen in conjunction with F and B).

EN 170 : Ultraviolet (UV) Filters
EN 172 : Solar radiation filters

Premium & Sports Style Safety Glasses

Sports Style Safety Glasses with Foam Dust Guard - Full Frame

A designer pair of safety glasses built for strength, comfort and flexibility. The unique detachable foam gasket around the frame reduces the risk of dust, dirt and liquid ingress whilst providing additional comfort to the user. The soft rubber lining on the arms and around the nose give extra comfort and grip around the ears, temple and nose when worn for long periods.

Optical Class 1

Safety Masks

Our range of dust masks provide clean and safe air when working in potentially hazardous conditions. Designed using the very latest technology in filtration material, the masks prevent harmful particles passing through.

Often an essential requirement of certain workplaces, all TIMCO masks are fitted with easy-breath exhalation valves and there are various filter protection levels in the range. FFP3 - Highest Level FFP2 - Moderate Level

FFP3 Masks With Valves

Assigned Protection Factor (APF): 20
Equivalent to 99% Filter efficiency.

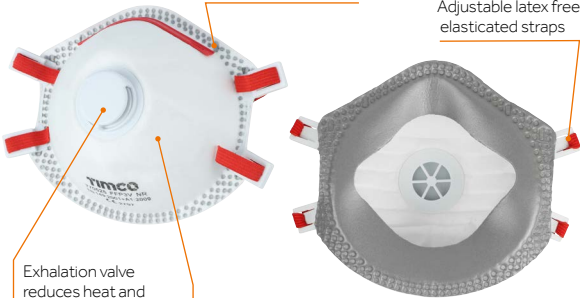

CE Approved
to EN149

Protects against medium to high levels of dust from home repair, woodworking, construction or water based mist.

Moulded

Contoured design ensures compatibility with glasses / goggles

Adjustable latex free elasticated straps

Exhalation valve reduces heat and moisture build-up

Polypropylene outer layer for a smooth comfortable lining without loose fibres

A medium to high protection moulded mask with a 360° full face soft band for optimum comfort, fit and breathing.

Gloves

A comprehensive range of work gloves designed for the toughest and harshest year-round domestic, work site and commercial environments.

Constructed from a variety of innovative materials, the TIMCO safety glove range has been designed to cover multiple environments and applications where there is risk of serious injury such as cuts, abrasion and splinters. Used to provide general comfort and cushioning when regularly handling rough or heavy materials, gloves will enhance grip on hand held equipment to ensure a safe, smooth control and operation of machinery and tools.

Coloured size guide:*

*not including impact gloves

All TIMCO's gloves are CE approved

CE CAT II - Intermediate Risk
EN388 EN ISO 21420

- Lime fragrance
- 100% solvent free

Alcohol Hand Sanitiser

Alcohol-based hand sanitiser which rapidly kills, protects and stops the spread of germs, bacteria and viruses, including E-coli, Salmonella, Tuberculosis, Influenza, SARS, Rhinoviruses, Coronaviruses and more.

- Quick drying
- Moisturises and doesn't dry skin out like iso-propanol based sanitisers.
- Contains 62% premium grade alcohol which conforms to BS EN standards
- Suitable for food preparation and healthcare applications

HCL02

Hospital Grade Anti-Bacterial Hand Soap

Hospital grade, water-based hand cleaner with both anti-bacterial and anti-microbial properties.

Quickly kills viruses, germs and bacteria such as MRSA, C-difficile, E-coli, Salmonella and Listeria.

The gentle, foaming agents help to lift contaminants and leave the hands feeling fresh and clean.

- Hospital grade
- BS EN certified
- Medically certified

PUMP BOTTLE			
432088	500ml	1	12

HCL02

Active Hands Luxury Soap

A pearlised hand cleaner suitable for all general-purpose cleaning and washroom use.

The premium water blended formula gently removes dirt, grime and kills germs while leaving hands and skin smelling fresh and clean. Non-ionic surfactants help remove dirt and oil easily without forming a 'soap scum' in hard water.

- Petroleum and solvent free
- Fragrant
- Gentle on hands and skin

Product Code	Size	Pack Qty (pcs)	Carton Qty (packs)
PUMP BOTTLE			
432099	500ml	1	12

HCL02

Active Hands Cream

A multi-purpose alcohol free sanitiser, moisturiser and barrier cream for use in the workplace.

The moisturising formula will protect skin from cracking and damage, leaving it feeling soft and refreshed, whilst its anti-bacterial properties kill germs and stop the spread of bacteria for up to two hours.

- Quick drying
- Non-greasy
- Suitable for food preparation and healthcare applications

Product Code	Size	Pack Qty (pcs)	Carton Qty (packs)
PUMP BOTTLE			
432077	250ml	1	12

Safety

Barrier Fencing & Pins

Temporary fencing made from a durable, weatherproof and reusable plastic. Suitable for cordoning off restricted areas.

The barrier fencing pin is frequently used with barrier fencing, warning tape or rope to fence off building work and other 'off-limit' areas on site.

Zinc plated pins for corrosion resistance.
